Petar--

You are a genius, and I am so grateful.

Best, Lee

Subject: Mayor's scheduling contact?

Petar,

Thanks again for the quick fix of the parking here. I'll be interested to see how long it lasts. Any update on the 24-hour resident only parking?

...

Thanks,

Jackie

Mr. Del Junco,

Thank you for meeting with the leadership of the Massachusetts Avenue Heights Citizens Association and DDOT last night to address some of the community concerns about traffic management. It was an extremely productive meeting. While issues such as traffic signage and flow may seem small in the greater scheme of things, they are of intense interest to constituents. **The community was very pleased that the Mayor's Office was so well represented and that you were so engaged on these issues. Thank you for facilitating this meeting and for your hard work on these matters.**

We look forward to working with DDOT and the Mayor's office on the successful resolution of these issues.

Best wishes,

Catherine May
Commissioner, ANC3C08

Subject: request in Ward 3

Dear Mr. Dejunco -

You have been so responsive to other requests from Ward 3 residents, I thought I would bounce another one off you and see what you think. Although it is relatively minor in the scheme of things, it is such an easy problem to fix that I thought it would be worth requesting. I commute every day from the Cleveland Park and Nan Ness Metro stop and have noticed with dismay the growing number of large plastic newspaper, flyer, throwaway magazine boxes and other abandoned clutter around the station entrances. We I know that The Hill magazine, The Onion, Examiner, Post Express are still in business and their little kiosks are frequently used, but there are at least a dozen plastic kiosks that are for defunct publications at both stations that are stuffed with trash, abandoned on their side, broken, etc and clutter and detract from the area as a whole. The other night I saw a rat eating from a discarded California Tortilla meal in one of the boxes at Cleveland Park. Yuck!

...

Thank you very much to your attention to this matter.

Friends-

I think we need to give CM Cheh's office and the Mayor's office a lot of credit for having such a successful and conducive meeting regarding the rat situation in Woodley park. The meeting was well attended by many of the local bussiness including Medeterra, Open City, Mr. Chen's, CVS, and M&T bank. Commisioner Kummings was also in attendance. If there is more of an interest the rat group is meeting again on Friday at 10AM at murphys.
